

UNIT 4: PROVE YOUR GROUND

Discussion & Reflection · Values & Leadership · Chapters 13-16

Name: _____

Date: _____

Directions: This is for thought and discussion - not a test. There is no single right answer. You may answer about yourself, about a character, or about what "someone might" think. You never have to share anything private.

4A · TALK ABOUT IT

Dr. Martinez writes PROVE. PROTECT. PRACTICE. on the whiteboard. Max calls it "homework with a helmet."

1. What's something you care about enough to show with evidence, not just words?

2. What kind of evidence would help someone understand that the work matters?

4B • TALK ABOUT IT

The Beacon Keepers have to be ready when their work is questioned. Being ready is not just for presentations. It can also matter during a test, tryout, group project, hard conversation, or when you need to explain your thinking.

1. What helps you feel ready for something scary or important? Think about practice, feedback, examples, or asking for help.

2. Is there a difference between being confident and being prepared? Explain using the story or a real-life example.

AFTER THE DISCUSSION ★

One Thing to Keep	One Thing to Try
<i>One idea I want to remember:</i> 	<i>Choose one small, safe action.</i> ☐ Add one example before saying, "I'm done." ☐ Ask, "What would make this clearer?" ☐ Practice one hard part for five minutes. ☐ Use a fact, example, or story detail to support an idea. <i>Example: I will add one story detail to show why my answer matters.</i>
